

Wake Robin

A Family Farm

December 11, 2015

Winter Break

After Christmas, we'll be taking a short winter break from market and from running our farm store. During the months of January and February, we'll focus on caring for our cows and making cheese with our milk. We will not be bottling milk, making yogurt or cheese curds for those 2 winter months. Our days will still be full of chores and milk processing, but we will have a little more time to rest, research, and rejuvenate for spring.

We will have our full line of products at market for the next 2 weeks, to get you through the holidays with our fresh, local dairy products. Our last Saturday at the CNY Regional Market will be 12/19, and we'll return on the first Saturday of March, 3/5/16.

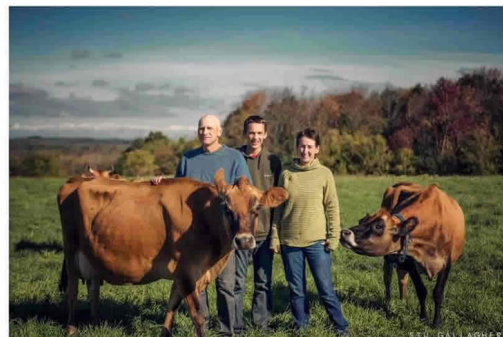

Our farm store will remain open through the end of 2015 with cheese, and will re-open in the spring at noon on Friday, 3/4/16.

As always, we thank you for supporting our family farm. We are very grateful for your business, and appreciate that many of you rely on us for fresh dairy every week. We know our products will be missed during these 2 months, and we encourage you to stock up over the next couple of weeks :)

Over the past few holiday seasons, we've made a donation to Heifer International in honor of all of you, our loyal customers. The tradition continues this year - thank you for helping us to "pass on the gift" of livestock to farm families in other parts of the world.

Happy Holidays!

Your farmers,

Bruce, Meg & Hugh Schader
