

Wake Robin

A Family Farm

January 2, 2015

Life Happens

Just before Christmas, Bruce ruptured a tendon in his right arm, and had surgery. You wouldn't believe how many things that arm does on our farm! So for the last couple of weeks, our teenage son and I have had our hands full just milking and feeding our cows.

Bruce is feeling better, and he learning to use his left arm for many tasks, but he needs several weeks to fully recover. So we have decided to focus our efforts on making cheese for the next couple of months.

We will resume bottling milk and making yogurt the first week of March. This means that we will return to CNY Regional Market on March 7, and our Farm Store will re-open on Friday, March 6.

If you have a milk share with us, we will extend your share for 10 weeks to make up for this lapse. If you would prefer a refund, please let us know.

Thank you all for your understanding and support. We look forward to seeing you in March!

Your farmers,

Bruce, Meg & Hugh Schader
